- “It was just as I expected. EXCELLENT. I was drawn in immediately by your work. I love that it is anchored in theology but reflects a compassion and realness about it. Well done.

“ As I read it, I got more and more excited about how (this book) can impact genuine growth in local churches!”

(Deric Bartlett, lead pastor, City Centre Baptist Church, Mississauga, Ontario)

- “The heart of your message is to create a healthy Christ-imitating Christian and Christ imitating church. It is fundamentally about why churches are not healthy (and could be healthy) and therefore not growing and not attracting people to the church.”

(Bill Fietje, president, Associated Gospel Churches of Canada)

- *THE REAL WELCOMING CHURCH: IMITATING GOD, THINKING LIKE JESUS*” is a practical primer on how to attract and keep visitors in a local church setting. This book is ***not only an effective teaching tool, it is truly edifying!*** Dr. Brown’s instruction rests squarely on scripture and on years of proven ministry experience. Apply these principles and get ready to grow!

(Dan Pearson, pastor, United Covenant Church, Clear Lake , Wisconsin, USA)
